Technical Update Training Webinars for Instructors July - August 2021

The weekly webinars are on hold in July and the first half of August, with changes coming the 2nd half of August – the sessions will still run one hour and start at 4 pm Eastern, but we are moving to Tuesdays going forward (and Thursdays for the technician-focused webinars.) More details below.

In the meantime, have you registered for the ASE Virtual Instructor Conference – July 26-30?

Three 90-minute sessions each day live-streamed via GoToWebinar. There will be separate tracks for Auto, Truck, and Collision Repair instructors, with **more than 20 hours of training in each track**. If you register by July 26th and miss a session, you will be able to view a recording through August 31, 2021.

You will receive a certificate of attendance for every session you view (live or recorded) and all sessions count toward the Foundation's 20-hour annual update training requirement.

Cost: \$150 for instructors from ASE-accredited programs, \$225 for instructors from non-accredited programs. View more info and register today at <https://www.eventsquid.com/event.cfm?id=13050> .

These free webinars are presented by ASE industry partners. Each event includes an emailed certificate that can be applied to instructors' technical update training hours required by the ASE Education Foundation.

*Not sure you can attend the live session? **Register in advance** to receive an email after the live session with details on how to view a recorded version and receive a certificate.*
